

# ME TRIM

## Aluminium Box Shape Trim (MTB)

Features one side to create the **shadow line groove** detail sitting flush with the tiled wall and one perforated anchoring leg for securing in adhesive. Great to create an elegant **boxed edge around windows and doors frames** (no need for architraves). Perfect for a modern **shadow line effect** where tiles meet the ceiling or floor skirting.

### Benefits

- ✔ **Reduced** operational **time & cost** of installation
- ✔ **No more** architrave window/door needed
- ✔ **No more** cracks or gap fillers to architraves
- ✔ **No more** sanding, plastering or painting
- ✔ Elegant **shadow line groove** effect
- ✔ **Designed and made** in Australia
- ✔ **Perfect** tile trim for windows and doors
- ✔ **Easy** tile trim **application**

### Profile Shape

\*All dimensions are in accordance with AS/NZ 1866:1997

\*Each trim comes in 3m Length (visit our website for more info)

\* Variety of colours, sizes and finishes available to compliment your tiling project

 Australian Patent No:2019903246

Box Shape Gold / MTBG

Box Shape Black / MTBB  
Available in Gloss (MTBBG) or Matt (MTBBM)

Box Shape ANODISE / MTBA

ME TRIM Box Shape Trim (MTB)

PRODUCT SPECIFICATION

ME TRIM is a prefinished Aluminium Edging Tile Trim for providing a straight edge and tile placement guide around windows and door ways openings, eliminating the need of architraves around. ME TRIM not only provides a solution for finishing interior edges with improved efficiency to a typical stopping angle but reduces operational time and cost for installation.
