

ME TRIM

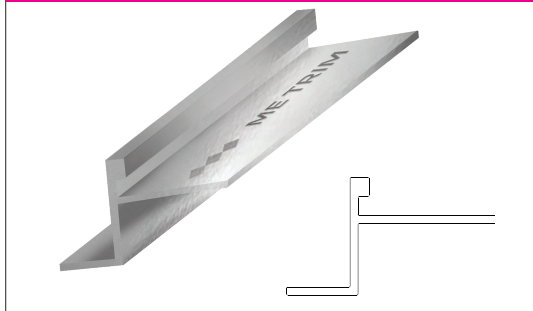

Aluminium L Shape Trim (MTL)

Features one side to create the **shadow line groove** detail sitting flush with the tiled wall and one perforated anchoring leg for securing in adhesive. Great to create an elegant **right angle edge around windows and doors** frames (no need for architraves). Perfect for a modern **shadow line effect** where tiles meet the ceiling or floor skirting.

Benefits

- ✓ **Reduced** operational **time** & **cost** of installation
- ✓ **No more** architrave window/door needed
- ✓ **No more** cracks or gap fillers to architraves
- ✓ **No more** sanding, plastering or painting
- ✓ Elegant **shadow line groove** effect
- ✓ **Designed** and **made** in Australia
- ✓ **Perfect** tile trim for windows and doors
- ✓ **Easy** tile trim **application**

Profile Shape

 Australian Patent No:2019903246

*All dimensions are in accordance with AS/NZ 1866:1997

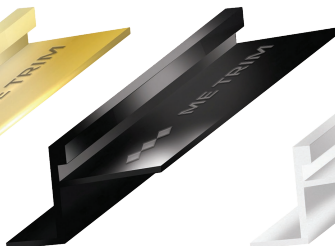

*Each trim comes in 3m Length (visit our website for more info)

* Variety of colours, sizes and finishes available to compliment your tiling project

ME TRIM L Shape Trim (MTL)

PRODUCT SPECIFICATION

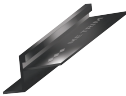

ME TRIM is a prefinished Aluminium Edging Tile Trim for providing a straight edge and tile placement guide around windows and door ways openings, eliminating the need of architraves around. ME TRIM not only provides a solution for finishing interior edges with improved efficiency to a typical stopping angle but reduces operational time and cost for installation.
